To the Electors of Vancouver

Island District.

GENTLEMEN—In response to the solicitation

of a number of prominent gentlemen residing in

the Island District, I have, after mature

consideration, consented to do so, and have now

the honor to solicit your suffrages at the approaching

election.

The measures that a member of the House of Com-

mons may be called on to deal with being different

from those of the local legislature, being in their

nature more national, it is doubtless expected that I

as a candidate should advert to them. I will, then, say

that having been one of the earliest advocates of a Cana-

dian Confederation, I shall, if elected, con-

sider it to be my paramount duty in view of making it

a grand national success, to insist that the Territories

shall be at least equal to the line shall traverse the

entire South-Eastern Coast of the Island from Johnson

Point to the Strait of Juan de Fuca.

Under the Terms of Union with the Dominion, it is

the province of the local legislature, and not of the Domi-

nion Parliament, to decide as to the kind of tariff that

the people of British Columbia desire to be best suited to

their varied industrial interests, during the next ses-

sion of the Dominion Parliament, I shall endeavor to have

the tariff framed as to meet with the concurrence of the

agricultural, mining, and commercial interests of your

district.

The Dominion now possesses exclusively the right

to manage our postal and telegraphic affairs, I shall en-

deavor to secure for the Eastern Coast a mail steamer

of a superior class to the one now plying on the

coast, and also better mail facilities in each settlement;

and I deem it to be of great importance commercially

to have the most rapid means of transmitting intelli-

gence between the Dominion and the United States.

The Federal Government has the honor to have the

construction of a telegraph line to connect the two principal

lines in the Province.

The increasing importance of the commerce of the

Gulf of Georgia renders it necessary to have more

light-houses to guide the coasting trade, and to have

the Government to build a light-house at Nanaimo, at

least, and as soon as possible, to insure greater

safety and certainty in navigating the Gulf.

With respect to the Indians, I will say that they are

settled on Reservations, under the superintendence of

Government Agents, where they may, with the aid of

the Government, be taught the arts of civilization,

and thus have their social, moral, and religious

condition rapidly improved.

The question of the early construction of a Marine

Hospital at Nanaimo, I deem to be deserving of serious

consideration.

The Geological Survey now begun will doubtless be

of great practical advantage to the country, and will

enable me to be able to insure the geological explora-

tion of the vast mineral wealth of your district shall

be my constant endeavor.

The Fisheries along our coast promise to become very

profitable, and as the Dominion Government has agreed

to extend to protection and encouragement to this val-

uable and important branch of industry, I will endeavor

to secure for your district the full share of the bounty

that may be appropriated for that purpose.

Not being able at this time to explain my views at

greater length, I will take this opportunity to meet

you personally and collectively in the different settle-

ments, where I may bring forward our notice and other

business, and I am confident that you will be able to

decide on the course of action to be pursued.

In conclusion, Gentlemen, if you should do me the

honor to return to me the honor of my nomination, I

pledge myself to faithfully serve your interests to

the best of my ability.

I have the honor to be, Gentlemen,

your obedient servant,

ROBERT WALLACE.

Indian Industrial Exhibition.

We are glad to observe that the progressive people of Cowichan intend to hold another Indian Industrial Exhibition in about a month. Elsewhere in our advertising columns will be seen a notice of the forthcoming Fair. Now we hope that our citizens will contribute liberally to so desirable an object. Our well-known fellow-citizen, Mr. Richard Woods, Registrar of the Supreme Court, has kindly consented to receive subscriptions in money or contributions in any shape or form, whether money, clothing, household furniture, blankets, spades, ploughs, or anything else that may be utilized on a farm. The object is an excellent one. It requires no argument to commend it to our citizens. We only wish that instead of one exhibition at Cowichan to stimulate the Red Man to study and live by the arts of civilization, that there were scores of such efforts put forth in every part of the country to redeem the Indian from his savage condition. We have no hope of the regeneration of the natives except by teaching them to apply themselves to civilized industry to support themselves, in the place of fishing and the chase. To preserve and elevate them in the social scale, their material and physical condition must be improved; then their moral and religious improvement will follow as a matter of course. Idleness and pauperism are fruitful sources of crime everywhere. But our Indian population impress all with that fact every day. Yet teach them to be industrious and provident, and bring them within the range of ordinary school training, and our Indian population instead of disappearing everywhere before the white settler, would become useful citizens, and remain a lasting monument to the honor of those who may have labored for their social and religious elevation. We have a firm belief in the possibility to preserve and improve the Red Man, and consequently we are the more anxious to see our citizens second the good people of Cowichan in making the Indian Industrial Fair a success.

The Local Elections.

We are assured on excellent authority that it is not the intention of the Government to delay the local elections; and that they will be brought on almost immediately. The writs will be issued on October 2nd, and as the "Elections Regulation Act" requires the Returning Officer to give eight days' notice of election, exclusive of the day on which the writs may be published, or the day of nomination, we may expect the elections in all the electoral districts on the Island and Mainland, except Cariboo and Kootenay, to come off about the second or third week in October. Such being the case, let the Liberal party bring out its candidates; and let Liberal voters vote the full ticket. Let there be no scratching off a man on account of any little personal difference. We have to elect our whole ticket. As to the time allowed in the Governor's Proclamation, with which to return the writs, we are informed that it is rather a matter of form to cover accidents than anything else; and as soon as the elections take place, the Legislature Assembly will be summoned for despatch of business. We are glad to hear that such are the views of Gov. Trutch and his constitutional advisers.

Thompson and Walkem's Addresses—Ottawa Candidates.

Mr. J. S. Thompson stands for the Cariboo-Lillooet District for Ottawa. He is very brief indeed in his address, but as our readers would like to be kept posted on political matters here is the pith and substance of it:

"If elected I shall use my best endeavors to promote the interests of our Province so far as they can be affected by Federal Legislation, and above all to expedite the grand bond of Union—the Trans-continental Railroad."

With reference to general political matters, I can only say at present that if honored by your suffrages, I shall go to the House of Commons untrammelled by party obligations, save that I shall consider it my duty, and the duty of every member from this Province, to lead a cheerful support to the Ministry to whom we owe our new birth and political enfranchisement."

It is said Mr. Booth may oppose him; but we are not prepared to state it as a fact. Mr. Walkem is also in the field for Yale-Kootenay District. His views are put forth as follows:

"As the present Dominion Ministry have proved themselves friendly to this Province, I intend to give them my support, in order to ensure the fulfilment of the Terms of Union and secure the completion of the proposed Railway, which will in all probability run through your section of the District."

During next session the Surveyors' reports will be considered and acted upon, and large money grants for the commencement of the actual survey must be voted. Our assistance must therefore be given to the Cabinet of the Dominion on the subject."

There are other general questions involved in the Treaty of Washington which must also occupy the attention of Parliament. To these and all other questions affecting you, I shall, if elected, give my most careful attention. If elected to represent you at Ottawa, I shall urge upon the Dominion Government the necessity of giving your section of the District a Mail Service at least twice a week."

We hear it stated that Mr. T. B. Humphreys, whose return to the Local Legislature for Lillooet is certain, will contest the Yale-Kootenay district for Ottawa. Recent reports seem to speak more favorably of the return of Mr. Humphreys than of Mr. Walkem. As yet, however, Mr. Humphreys has not put out an address.

DR. CHING FUN—A CARD—EDITOR
STANDARD.—Through the medium of your paper I want to state the very great good that has been done by Dr. Ching Fun of this city, in curing Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffled the skill of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot enough commend Ching Fun's remedies to my friends, so that all my countrymen similarly affected may visit and find relief.
